"Uniropa is definitely the best company I have ever travelled with. We stayed in very impressive hotels, ate at fine restaurants and had incredible attention given to all details of our tour. Caroline was quite simply an incredible tour director. She was personable, friendly and very professional - the kids just loved her. The choice of activities prepared for my students were engaging, educational and certainly a lot of fun. All of the minor details were attended to and we encountered absolutely NO problems - a rarity amongst travel tours. Many thanks to you Miron, Caroline, Martin and Laura. We had a ball!! The kids are still talking about how they had such a wonderful time and how they can hardly wait to return to Québec. If I ever intend to take kids on another trip, Uniropa is the only travel company that I will consider. I highly recommend Uniropa to anyone considering such a trip with their students. They are miles ahead of any other travel company."

The combination of tours and free time was perfect. Our croissant breakfast at "Chez Temporel" was especially a delightful surprise. A special merci to Caroline for being so reliable."
